Abstracts

Despite price increases as a result of inflation that continued to drive the local population to adopt more conscious spending patterns in 2023, convenience retailers in the UK maintained a positive trajectory during the year as proximity and accessibility remained important factors for many consumers, both in terms of shopping close to home as well as in the context of social gatherings and activities away from home. High inflation and the cost-of-living crisis that began in 2022 had already se...
