Abstracts

Convenience stores demonstrated a varied performance in 2021. The continued lockdown restrictions throughout the year limited foot traffic in shopping malls, train stations and business centres where some convenience stores are located. These are usually the type of convenience stores that offer food to go and are frequented by office workers. This impacted the sales of convenience stores such as Delia and Malina whose stores are predominantly located in city and business centres. Low in-bound t...

Euromonitor International's Convenience Stores in Slovakia report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
