Abstracts

The war in Ukraine continued to impact cooking ingredients and meals in 2023 by affecting the availability and prices of key ingredients, particularly sunflower oil and seeds. Irish food manufacturers have assessed the medium-term effects of the conflict, and acquiring these products became challenging in the course of 2023. This situation necessitated the exploration of alternative oils or adjustments to recipes to mitigate potential shortages or price increases.

Euromonitor International's Cooking Ingredients and Meals in Ireland report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
