## Abstracts

Demand remained under pressure in many categories of cooking ingredients and meals in 2023 due to high inflation and rising unit prices. With the squeeze on Europe's fuel and energy supplies resulting from the Ukraine conflict causing significant increases in the cost of living, household spending remained under substantial pressure during the year as significant numbers of local people took every opportunity to economise, wherever possible. This meant pressure on demand across numerous categori...

Euromonitor International's Cooking Ingredients and Meals in Sweden report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
