Abstracts

The Coronavirus (COVID-19) pandemic is having an unprecedented impact on consumers and placing great strain on online retailers. Using Via, Euromonitor International's global e-commerce monitoring platform, this report tracks online product prices and availability for the three weeks from 10 to 31 May 2020 for a select basket of COVID-19-impacted product categories in France, Germany, Italy and Spain. The data clearly show how and where online product availability and prices have changed.

Euromonitor International's Coronavirus: Western Europe Price and Availability Insights, 10-31 May 2020 global briefing offers an insight into to the size and shape of the tissue and hygiene market, highlights buzz topics, emerging regions, countries and categories as well as pressing industry issues and white spaces. It identifies the opportunity zones within tissue and hygiene, analyses leading companies and brands, assesses the importance of private label and offers strategic analysis of major factors influencing the market - be they new product developments, economic/lifestyle/environmental influences, distribution or pricing issues. Forecasts illustrate how the market is set to change and criteria for success.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
