## Abstracts

Vietnamese consumers view dairy products as a source of nutrition. Packaging therefore plays an important role in raising consumer awareness about the benefits of the category's various products. As a result of government regulations pertaining to ingredients and preservatives, manufacturers need to ensure that their marketing messages can be understood amidst these labels and claims.

Euromonitor International's Dairy Packaging in Vietnam report offers insight into key trends and developments driving packaging across the category. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

**Product coverage:** Butter and Spreads, Cheese, Drinking Milk Products, Other Dairy, Yoghurt and Sour Milk Products.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
