Abstracts

The dairy industry has faced some difficult challenges and obstacles during 2023, with the headlines being inflation and supply issues. Global inflation has been at high levels, and although the Australia/New Zealand region had slightly lower inflation compared with other parts of the world, it was still substantial. The situation was worse for the dairy industry, as the inflation rate for dairy products was around double that of the national inflation rate. The rise in prices is set to result i...
