## Abstracts

Dairy products and alternatives experience an overall decline in volume terms in 2023 as challenging economic conditions limit consumer spending power. In particular, high inflation driven by depreciation of the local currency, increasing fuel costs, and a demonetisation policy of the government mean that consumers have to focus spending on the most essential products. Dairy products and alternatives remain fairly inessential for many consumers (historically Nigeria has a low per capita consumpt...

Euromonitor International's Dairy Products and Alternatives in Nigeria report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
