Abstracts

In 2010 the economic recession was still having an influence on the development of cheese. The result was that cheese saw another year of decline. The major problem area was the biggest category in cheese, hard cheese. Because of the economic recession the Dutch spent less on hard cheese. The reason why this product is so vulnerable is that hard cheese is a product most consumers eat each day with breakfast and lunch. This is why they are more aware of the price of cheese and also were more...
