Abstracts

Adopting an omnichannel strategy has no doubt become the main route taken by department stores as the channel remains relevant to many local consumers. As one of the preferred channels chosen by Chileans to buy a wide range of products from apparel to home furnishings, department stores have been able to capitalise in 2021 on established relationships formed over the years. 2021 saw a slow normalisation of shipping times, with Falabella and Paris both launching fast delivery options, as consumer...

Euromonitor International's Department Stores in Chile report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
