Abstracts

Dermatologicals is seeing mid-single digit growth in current value terms in 2023, although like many areas of consumer health this is largely the result of price increases. Prices have been rising across all categories of dermatologicals as a result of ongoing post-COVID-19 economic struggles, high inflation, as well as the negative effect of Russia's war in Ukraine. These price rises are limiting volume growth in dermatologicals as consumers are attempting to save money by only making purchases...
