Abstracts

Dermatologicals is a saturated category in South Korea and has lost some of its growth momentum in terms of retail volume sales. A lack of new product development is one factor hampering stronger growth for some products, whilst another is increasing numbers of consumers visiting a doctor to obtain Rx products, especially antifungals, as the prices of such products are cheaper with a prescription. Therefore, pharmaceutical players are attempting to maintain their share rather than engage in any...

Euromonitor International's Dermatologicals in South Korea report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.
