## Abstracts

Dietary supplements in Chile is experiencing a resurgence in dynamic value growth in 2023, following a decline the previous year. This renewed growth can be attributed to the growing interest among consumers in educating themselves about the properties and benefits of various dietary supplements, mirroring trends evident in vitamins. As individuals become increasingly conscious of their health and wellbeing, they are actively searching for information to make informed choices about the supplement...

Euromonitor International's Dietary Supplements in Chile report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.
