Abstracts

Omega-3 supplements have gained immense popularity in Costa Rica due to the growing awareness among people about their health benefits. Omega-3 fatty acids are considered essential nutrients that cannot be produced by the body, and are therefore obtained through diet or supplements. Consumers purchase omega-3 supplements hoping for reduced risk of heart disease, improved brain function, and reduced inflammation. Older people often consider omega-3 supplements necessary. The quality of omega-3 su...

Euromonitor International's Dietary Supplements in Costa Rica report offers a comprehensive guide to the size and shape of the market at a national level.
