Abstracts

Probiotic supplements is a standout product within dietary supplements and is expected to register double-digit volume growth in 2023. Probiotics supplements are available over the counter, but part of their success is due to sales representatives targeting doctors to highlight their benefits. Manufacturers have also sponsored medical conferences to raise awareness about digestive wellness and its associated products, although there have been some unethical practices such as offering prizes to d...

Euromonitor International's Dietary Supplements in Ecuador report offers a comprehensive guide to the size and shape of the market at a national level.
