Abstracts

Dietary supplements in the Netherlands presents a varied picture in terms of retail volume and value growth during the review period. Amidst the Coronavirus (COVID-19) pandemic, there was a surge in the retail sales of dietary supplements known to enhance the immune system. The examples of dietary supplements that are said to have a positive impact on the immune system include cranberry, Echinacea, ginseng and mineral supplements like magnesium. However, in 2023, the focus on bolstering immunity...

Euromonitor International's Dietary Supplements in Netherlands report offers a comprehensive guide to the size and shape of the market at a national level.
