Abstracts

The popularity of dietary supplements continued unabated in 2023. Despite the easing of the pandemic, Poles remained keen to purchase such products in order to help boost their immune systems and to lead healthier lifestyles. Demographic trends, in the form of the ageing population, also had a positive impact on demand, as consumers look to stay healthy and active for as long as possible. Moreover, in the case of illness, Polish consumers prefer to self-medicate and tend to avoid going to the do...

Euromonitor International's Dietary Supplements in Poland report offers a comprehensive guide to the size and shape of the market at a national level.
