Abstracts

During the pandemic, the popularity of dietary supplements skyrocketed as people sought preventative strategies to boost their immune health and minimise the impact of COVID-19. At this time, state customs officials actively promoted the import of nutritional supplements and this helped to make dietary supplements more widely available in Uzbekistan. In 2023, this positive trend is projected to continue for particular sub-categories of dietary supplements and this should support category growth...

Euromonitor International's Dietary Supplements in Uzbekistan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.
