## Abstracts

High rates of COVID-19 have meant that Russians have continued to face restrictions on various aspects of their lives in 2021. Because people in Russia have been travelling less frequently and eating out less there have been fewer cases of functional intestinal and stomach disorders and alimentary toxicological infections. These issues mostly affect demand for diarrhoeal remedies and IBS treatments. Previously, consumers would stockpile these products due to the fear of experiencing stomach or i...

Euromonitor International's Digestive Remedies in Russia report offers a comprehensive guide to the size and shape of the market at a national level.
