Abstracts

Closed system single use products showed exponential growth over 2020-2022 and are currently available in most markets worldwide. The emergence of these products raised concerns from regulators over the alleged appeal among youngsters and the environmental impact generated by these products, which is likely to trigger legal restrictions on the commercialisation and promotion of this category over 2022-2027.

Euromonitor International's Disposable Vapes: Threat and Opportunity global briefing offers an insight into to the size and shape of the Tobacco market, highlighting major industry trends and categories as well as the factors affecting operating environment. It identifies the leading companies and brands, offers impartial, strategic analysis of key factors influencing the market - be they new product developments, legislative restrictions or pricing influences. Forecasts illustrate how the market is set to change and where it is headed.

Product coverage: Cigarettes, Cigarettes (Illicit+Legal), Cigars, Cigarillos and Smoking Tobacco, Smokeless Tobacco, E-Vapour Products and Heated Tobacco.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
