Abstracts

After seeing contraction during the financial crisis, Russian construction saw increasing activity from 2010, focused largely on the residential sector. There was rising demand for housing, prompting developers to resume construction work on projects which were postponed over the review period, with activity also coming about as a consequence of the 2010 wildfires which destroyed many homes. Although the industry eventually registered a small decline by the end of the year, 2011 saw it...

Euromonitor International's DIY, Home Improvement and Garden Centres in Russia report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
