## Abstracts

Dyson remains a company known for innovation. This company has long touted itself as an engineering company and has invested heavily in research and development. In 2016, the company is expected to complete a new technology campus, which it hopes will help lead the company into new product lines. Whilst historically the company has been present in only a handful of product categories, it is expected to begin a more rapid expansion into various products in the coming years.

Euromonitor International Local Company Profiles are a concise set of briefings detailing the strategic direction taken by a company. Discover key contact details, the company background and their competitive positioning through this collection of snapshot company profiles.
