Abstracts

Despite e-commerce's exceptionally strong retail value sales growth during 2020, stronger sales growth was limited by the ongoing weakness of the country's e-commerce infrastructure during the pandemic. At the beginning of the crisis, many retailers did not have dependable functional websites, with leading supermarket brands in particular missing out on sales due to their failure to have an online channel. Several new entrants took this opportunity to offer user-friendly websites with a mixture...

Euromonitor International's E-Commerce (Goods) in Guatemala report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers.
