Abstracts

E-commerce continued to gain value share in 2021. While growth was not quite as high as in 2020, when value sales increased by more over a third, there was still very healthy double-digit value growth in 2021. Also, domestic e-commerce grew more than foreign e-commerce in 2021 and also accounted for higher value sales. There were several reasons for this. Serbian consumers like to support local companies and in addition, local companies are much more flexible about payment options. For instance,...
