Abstracts

Chilean retailing found a lifeline in e-commerce during the Coronavirus (COVID-19) pandemic in 2020. Many branded companies, large and small, made strenuous efforts to be present in the channel and provide their customers with the most convenient and best possible shopping experience. However, initial delays in the development of e-commerce, with many companies initially reluctant to join the channel, meant that other elements in the value chain were not 100% up to the challenge. For example, lo...

Euromonitor International's E-Commerce in Chile report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers.
