## Abstracts

While e-commerce had been growing strongly over the review period, due to increased internet penetration and growing trust in online security, 2020 was an exceptional year, with current value growing by nearly a fifth. Consumers turned to online shopping in order to avoid exposure to COVID-19 and those players that were obliged to close their stores for parts of 2021, focused on online platforms instead, in order to keep money coming in. One of the leading players in e-commerce, Neptun Makedonij...

Euromonitor International's E-Commerce in North Macedonia report offers insight into key trends and developments driving the industry.
