## Abstracts

Sales in edible oils continued to stabilise in 2023 in Austria, following the era of price hikes and supply disruptions. That said, the return to foodservice does somewhat place downwards pressure on potential sales, when compared to the era of home seclusion during the pandemic; although, we also note that many companies in Austria continue to operate hybrid working policies, whereby employees work from home certain days of the week and, thus, cook lunch at home on those days.

Euromonitor International's Edible Oils in Austria report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in directly informs our forecasts to 2028, clearly indicating how the market is expected to change.
