Abstracts

Sales of edible oils declined in retail volume terms over the course of 2023 amidst downwards pressure on consumer demand for all categories of cooking ingredients and meals. Despite the essential status of edible oils, especially sunflower oil, consumer demand for edible oils is falling due to the pressure that has come on household incomes at a time of unprecedented inflation. The unit price increases in edible oils that resulted from the huge spike that was seen in inflation during 2022 and 2...
