## Abstracts

Latin America has been at the centre of economic and political turmoil, which shaped the performance of edible oils in 2018. Brazil comprises a major market in the region and its revival is the key to the regional growth of edible oils over the coming years. Innovation in edible oils majorly focused on affordable packaging formats and better quality products with health benefits to suit changing consumer needs.

Euromonitor International's Edible Oils in Latin America global briefing offers an insight into to the size and shape of the Packaged Food market, highlights buzz topics, emerging geographies, categories and trends and identifies the leading companies and brands. It also offers strategic analysis on driving packaged food industry trends like health and wellness, premiumisation, convenience and value-for-money and how those trends influence factors like new product developments, packaging innovations, retail distribution and retail pricing both historically and into the future.

**Product coverage:** Cooking Ingredients and Meals, Dairy Products and Alternatives, Snacks, Staple Foods.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
