Abstracts

Olive oil is seeing a return to popularity, with a rebound in robust retail volume growth, thanks to ongoing health and wellness trends and the fact olive oil is perceived to be a healthy product. The increasing popularity of Western cuisines, which often use olive oil, is also helping this trend. Indeed, we are seeing olive oil move from being a relatively niche product, to having appeal to a wider consumer audience overall. That said, value growth is stronger than volume growth, due to olive o...

Euromonitor International's Edible Oils in Thailand report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
