Abstracts

After the onset of armed conflict in 2022 led to plummeting retail volume sales of sunflower oil over the course of the year, 2023 saw a return to positive retail volume growth in the category. One key factor to consider here is that there is now a glut of sunflower oil in the local market and this is a direct consequence of the ongoing armed conflict. Ukraine has long been one the world's leading exporters of sunflower oil. However, Russian bombing has destroyed many important logistics facilit...
