Abstracts

Edible oils in the UK has still been experiencing various challenges in 2023, including inflation, rising costs, and supply chain disruptions. While there has been a slight improvement, persistently high unit prices continue to pose difficulties for both suppliers and consumers. The unit prices of sunflower oil have continued to rise in 2023, which is set to negatively impact volume consumption for another year. High unit prices have made it hard for suppliers trying to meet consumer demand. The...
