## Abstracts

The global education industry is set to experience strong expansion, due to government support, increasing enrolment ratios and growing importance of adult education. The vast youth population will be the major factor pioneering growth in the Asia Pacific region, with China, India and Indonesia being the frontrunners. The ageing population and growing middle-class will also play an important role for the development of the adult education segment.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
