## Abstracts

Emergency contraception pills are used in Norway as an emergency situation after unprotected intercourse or contraceptive failure. Emergency contraception can be purchased with or without a prescription, and is intended to prevent unwanted pregnancy. The main aim of the Norwegian health authorities is to make these emergency contraception pills available to all women who need them. Therefore, emergency contraceptives are widely available without prescription from chemists/pharmacies and mass...

Euromonitor International's Emergency Contraception in Norway report offers a comprehensive guide to the size and shape of the market at a national level.
