## Abstracts

Energy drinks grew further in demand in 2023, with positive off-trade volume sales, while a much more dynamic development was noted in the on-trade channels. Energy drinks were still widely sought after in 2023 to boost energy levels either during studying and work throughout the day or out in the evening. This is especially true in bars and clubs, which are popular locations to consume energy drinks, often mixed to create an alcoholic beverage or consumed alone to increase energy. In addition,...
