Abstracts

Regular energy drinks continued to post double-digit growth in retail volume terms in 2021, continuing the pattern seen over the last decade. A key growth driver remained the perception of energy drinks as a good way to obtain additional energy when working, studying, or playing sports. The pricing policies of the category's major players also remained a key source of growth, with most taking part in regular discounting activity to keep consumers engaged and interested in their products despite...

Euromonitor International's Energy Drinks in Russia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2017-2021), allowing you to identify the sectors driving growth.
