Abstracts

Environmental pressures and consumer demand are set to reshape business models and operations with a revolution of product technologies and services. This report introduces Euromonitor's Environmental Sustainability Index, which ranks 97 markets – which in 2019 represented 89.1% of the world's population and 97.2% of global GDP – highlighting country-specific risks and opportunities in the sustainability space.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
