## Abstracts

Fabrication de Derives de Coton (Faderco) is expected to benefit from a marked rise in production capacity, due to the launch of a new production line. The new line offers additional production capacity and facilitates the manufacture of high-quality boxed facial tissues, toilet paper and paper towels produced from virgin fibre. Thus, the company is likely to consolidate its strong position in retail tissue in the forecast period, due to its ability to offer high-quality products at affordable p...
