Abstracts

The performance of the USD95 billion global sanitary protection industry is heavily impacted by population changes and social and cultural shifts that influence women's lifestyles. This report shows a view of what the female population will look like in 2030 and analyses the recent trends and changes in society that affect this population group. Industry players that meet the changing needs of women will perform best in the new landscape.

Euromonitor International's Feminine Care Industry Global Outlook global briefing offers an insight into the size and shape of the tissue and hygiene market, highlights buzz topics, emerging regions, countries and categories as well as pressing industry issues and white spaces. It identifies the opportunity zones within tissue and hygiene, analyses leading companies and brands, assesses the importance of private label and offers strategic analysis of major factors influencing the market - be they new product developments, economic/lifestyle/environmental influences, distribution or pricing issues. Forecasts illustrate how the market is set to change and criteria for success.

Product coverage: Away-from-Home Tissue and Hygiene, Retail Tissue and Hygiene, Total Tissue and Hygiene.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Tissue and Hygiene market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;

Use five-year forecasts to assess how the market is predicted to develop.
