Abstracts

Mexican financial and insurance companies continued to perform well in 2018, thanks to increasing economic activity in the country, which stimulated demand for business and consumer lending. During the year, Mexican economy was positively influenced by robust expansion of domestic services and higher foreign direct inflows, especially in manufacturing and financial services industries. Historically low unemployment, rising wages and record high remittances from foreign-working Mexicans added to...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Finance and Insurance market at a national level.
