## Abstracts

Ongoing trends continued to be seen in 2023, with the use of cash declining and the digital transformation of financial cards and payments markets in the region a major theme in Latin America. Be it the Pix instant payments system in Brazil or the impending arrival of Apple Pay in Chile, the financial future looks digital, even if cash remains important in a number of markets and financial inclusion rates still need some work in certain countries, eg Mexico or Peru.

Euromonitor International's Financial Cards and Payments in Latin America global briefing offers insight into the size and shape of the Consumer Finance market, highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces. It identifies the leading companies and offers strategic analysis of key factors influencing the market. Forecasts provide an invaluable perspective on market evolution and the criteria for success. The briefing leverages Euromonitor International's 360-degree coverage of the global payments' landscape including insight on consumer debt.

Product coverage: Consumer Lending, E-Commerce in Proximity Location by Industry, Financial Cards and Payments.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
