Abstracts

The spot and stain remover category stands at something of a crossroads in 2019. It has well-developed sales in many developed markets, high household usage in some developing markets and, more importantly, great unmet market potential. Barriers to growth exist, such as fast fashion and competition, but there is an extensive list of opportunities. This report reviews the spot and stain category through the lens of the Euromonitor International's Industry Forecast Model (IFM).
