Abstracts

The number of arrivals to the United Arab Emirates continued to increase during 2017, with a growth rate of 7. However, as the global slowdown impacted flows in the business segment globally, 2017 continued to see growth rates slow for business travel in the United Arab Emirates. However, growth in the leisure segment was triggered by the new visa on arrival policy granted to a number of source markets, notably China and Russia. This led to impressive growth in the number of visitors from these...

Euromonitor International's Flows in United Arab Emirates report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2012-2016, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2021 illustrate how the market is set to change.
