Abstracts

After experiencing robust growth during the COVID-19 pandemic, which spurred increased physical activity and demand for activewear, footwear sales in Israel faced deceleration amidst economic challenges in 2023. The economic environment, marked by high inflation and continued interest rate hikes from April 2022 to June 2023, contributed to a decline in household disposable income. Money-conscious consumers, affected by economic uncertainties, curtailed spending across consumer goods. Additionall...
