Abstracts

In the wake of the Saudisation policy, the rise in the expat dependant levy and increasing living costs, consumers remained largely attentive to household spending, including in disposable paper products and other articles of paper. This was particularly visible in the rising preference for more affordable products, such as private label tissue. The slowdown in demand growth for retail disposables was also a consequence of the introduction of 5% VAT on consumer goods and services, which further...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Forestry, Wood and Paper market at a national level.
