Abstracts

In addition to regular health and wellness trends that were evolving over the review period, the emergence of COVID-19 increased consumers' desire to be more proactive with regards to their own health. Many started to follow more active lifestyles wherever possible, including during lockdowns, by participating in more outdoor activities or following home-based fitness regimes in addition to maintaining a healthier, more balanced diet. Beverages to support immune systems, overall health or more a...

Euromonitor International's Fortified/Functional Beverages in Austria report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors.
