ID: FF0A4FCF09CEN

Abstracts

FF soft drinks, the dominant category in fortified/functional beverages, registered strong demand in 2021, as local consumers increasingly searched for products with greater functionality and perceived immunity. This was driven by the pandemic, and greater awareness of the need to consume healthy and functional beverages. Trends post-pandemic are leading to greater penetration of new products launched that claim to deliver formulations to consumers in a practical and safe way, including function...

Euromonitor International's Fortified/Functional Beverages in Chile report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.

Product coverage: FF Hot Drinks, FF Soft Drinks.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
