## Abstracts

Although its shelf space is still small, current value sales of functional bottled water increased in 2020. This is in large part due to a changing perception among consumers: functional bottled waters is regarded as ideal for on-the-go consumption, good for both quenching the thirst and providing a boost of vitamins and minerals. Such products are regarded as functional and fashionable, and they appeal especially to young consumers.

Euromonitor International's Fortified/Functional Beverages in Romania report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2016-2020, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2025 illustrate how the market is set to change.

**Product coverage:** FF Hot Drinks, FF Soft Drinks.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
