Abstracts

After a strong performance in 2020, there was a more muted performance in 2021, as a portion of value sales switched to foodservice, with outlets open once again. Beverages with immune boosting properties continued to be popular in 2021, as consumer looked to protect themselves from COVID-19 infection. An example of such a beverage is Maxx BCAA, which is fortified with amino acids to provide extra energy, as well as collagen and premium. The functional beverage is intended for athletes who exerc...

Euromonitor International's Fortified/Functional Beverages in Slovakia report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.
