Abstracts

Fortified/functional is the biggest product area in health and wellness packaged food, in terms of current retail value. While value growth was not as high as for some other health and wellness packaged products, COVID-19 benefitted fortified/functional, with value growth more than double the rate in 2019. Also, retail prices remained unchanged. However, performance was not uniform across products. FF bread performed exceptionally well, with value growth increasing by over a quarter, as people a...
